

Orange Room

June 2019

Teachers: Kay, Shilo,
Anabelle

We are pretty excited here
in the Orange Room to get
started on SUMMER!

This month we are going to learn
about sea animals as we head to
the "Beach" and do one of our
favorite activities.... Bubbles! We
also plan to check out some of
the great bugs we have around!

We will begin water play days as
soon as the weather permits, so
we will need a swim suit. We
also need sun screen if you
haven't sent any.

Construction /Exploration:
